

Mulder Sheet Metal, Inc.
P. O. Box 1428
Newport, OR 97356

Phone: 541-265-4269

September 2015

To Whom This May Concern:

Max Jones, owner of S & J Construction, and I have worked together for the past 27 years. I have been both a customer and sub-contractor.

S & J Construction has built two commercial buildings for me in Newport. They performed various siding, window and deck projects on my personal home and assisted with maintenance projects on the commercial buildings.

Mulder Sheet Metal, Inc. has worked as a sub-contractor for S & J Construction. Max always strives to achieve the best possible construction standards in all their building projects. Quality, conscientious, hardworking, honest, safety first with years of experience to back it up.

S & J Construction is highly recommended as a first rate contractor!

Bill Mulder
Mulder Sheet Metal, Inc.
